**4.0 Membership:**

***4.1 Membership Structure***

HAAC's membership structure strives to ensure that we have significant representation from African Canadian communities across Nova Scotia. We feel that members are the "lifeblood" of our organization, as we work towards improved health outcomes for African Canadian Communities. We feel that it is important for our members to be fully engaged in supporting our mission.

While membership in HAAC will be of benefit to individuals, HAAC will also benefit from members who are willing to be involved and provide a broad spectrum of experiences, perspectives, and talents.

There is no limit to the number of members HAAC may have, recognizing that there are many individuals who are keen to work and support our mission. We expect that the majority of our members will be from the African Canadian Communities in Nova Scotia. However, we also warmly welcome supportive, informed individuals from other Communities who are committed to our cause.

#### *4.1.1 Active Members*

Any person living in Nova Scotia who supports the goals and objectives of HAAC may be an active member. Full membership rights and privileges shall be accorded to individuals whose membership is active and whose dues are paid for the current year.

HAAC memberships are for one year and are renewable at the end of that period. It is normally expected that renewals and payment of dues will take place before or at the AGM each year.

#### Membership dues are as follows:

Individual - \$20; Student - \$10; Youth (age 18-25) - \$10; Senior (age 60 and over) - \$10; Family (2 or more) - \$30

HAAC membership dues will be solely used to support the work of HAAC and not to provide financial gain to any of its members.

#### *4.1.2 Corresponding Members*

Active members who move away from Nova Scotia and wish to remain connected to HAAC, or individuals who live outside of Nova Scotia and wish to be connected to HAAC may be corresponding members. Corresponding members will remain on our members' mailing list and receive information about our activities, including newsletters. They will not be required to pay membership dues unless they subsequently move to live in Nova Scotia.
